OFC Speaker Cable - 2 x 1.4mm²

Product Description

Connect an AV Amplifier, AV receiver, HiFi or Home Theatre system to your Speakers with this high quality Oxygen Free Copper (OFC) speaker cable from Peerless-AV. Ideal for discreet installation, its 'Figure-of-8' multi-strand construction and white cable jacket means it can fit into tight corners and goes unnoticed when run alongside a skirting board.

Features & Benefits

- Oxygen Free Copper conductors for enhanced audio signal transfer and reduced distortion
- 2 x 1.4mm² cross-sectional area
- High flexibility - multi-strand cable construction for low bending radii, ideal for installations with tight corners
- White cable jacket for discreet in-home installation
- Negative polarity jacket ribbing
- Supplied as 100m (328ft) length on plastic drum
